Parents-in-Education

We acknowledge that parents play a crucial role, especially in moulding the character of our students. We would like to invite more parents to be our partners in education. For more information on how you can volunteer your services and to download the application form, please visit our website.

We urge all parents / guardians to work together with us to develop a sense of responsibility and ownership in your child. With effect from this term, refrain from delivering your child's forgotten items to the general office. We seek your cooperation and understanding on this matter.

We look forward to working with you. Together, we can bring out the best in every child.

Yours sincerely,

Mdm Pang Siu San
